

ABOUT TOPORTABLE MACHINE

Toportable machine's extensive experience in the design, development and manufacture of portable machine tools and welding equipment has resulted in machinery that is designed to meet the highest standards of quality, safety, and performance. Our products are backed by a company totally committed to service, integrity, and customer satisfaction.

Toportable machine provide portable machines and on-site services worldwide. Our engineering team provides custom equipment design and manufacturing solutions to suit the most rigorous requirements of our customers' special applications.

Main products:

- ◆ Portable boring machine
- ◆ Portable welding machine
- ◆ Portable flange facer
- ◆ Portable orbital milling machine
- ◆ Portable milling machine
- ◆ Portable CNC thread milling machine
- ◆ Portable key mill
- ◆ Portable lathe
- ◆ Portable valve repair machine
- ◆ Portable hydraulic pin pusher

Please contact us for more information on any of our products or services.

The Model FC1780 Flange Facing Machine is a com-packed ID Mount Flange Facer. It is ideal for machining all types of flange faces, seal grooves, weld preparations.

The FC1780 can be driven by pneumatic motor or electric servo motor.

Machine features

- Modular components make setup quick and easy
- Precise and robust, Compact and portable
- Three speed continuous feed gearbox, for gramophone finish
- Quick set adjustable clamping jaws, minimising set up time

SPECIFICATIONS

Technical Details		
1	ID Mounting Diameter	Φ500~Φ1600mm (19.7-63")
2	Facing Diameter	Φ500~Φ1780mm (19.7-70")
3	Toolpost Travel	100mm (3.94")
4	RPM	0-20 rpm
5	Installation Form	Internal mount, Level, Vertical & upside down
6	Power	Pneumatic/ electric servo motor

Packing Detail		
1	Machine Mainbody	1 Set
2	3 Speed Gearbox	1 Set
3	Facing Arm	1 Set
4	Feed Box	1 Set
5	Base Unit & Support Legs	1 Set
6	Pneumatic Motor/electric servo motor	1 Set
7	Toolpost	1 Set
8	Air Lubricator Assembly(for pneumatic type)	1 Set
9	Installation tools	1 Set
10	Manual	1 Pc
